• Email: reception@orthopaedicswa.com.au • Web: www.orthopaedicswa.com.au

Dear colleagues,

As we navigate through unfamiliar challenges,

This is the current situation at Orthopaedics WA

- We will continue to provide care for your patients with orthopaedic problems. You can still refer to **OrthopaedicsWA** for assessment or advice through the usual numbers (Tel: 9312 1135/Fax: 9332 1187 reception@orthopaedicswa.com.au) The rooms will be staffed 9am-5pm Monday to Friday.
- Most outpatient consults will be carried out by phone or video link with our staff and surgeons. These will be bulk billed.
- All but the most urgent surgery will be postponed until it becomes clear that we have defeated the pandemic in WA. This may be months depending on how effective the measures we have taken have been. As soon as we know when elective surgery will resume, we will contact you.
- Emergency operations and trauma surgery will still be carried out where needed through St John of God Murdoch Emergency Department, or the public hospital emergency departments. Let us know if you think this applies to your patient.
- Rehabilitation/physiotherapy will be carried out by video/telephone consults where possible. (HFRS: 9386 9961, hfrs.com.au).

We thank you for your understanding in this difficult time and we will work as hard as we can to get back to normal.
